

# The Championship Round

How Sausage is Made ~ Part 3

Below is the final tabulation of background points earned in the Championship Round. We played one game, Time Warp. The table below is sorted by jump-height and placements are indicated within each jump height.

A total of 53 points were awarded to top finishing dog. We made some spur of the moment decisions about advancing certain dogs into the final round. A) A handful of dogs were grandfathered from the 2010 Petit Prix because of a scoring error; B) A certain number of dogs were moved into the final round by *guaranteed number of competition slots* based on a percentage against the overall entry. And, and the last minute C) dogs that were bumped by grandfathered or guaranteed slots. This was not supported by the tournament rules. We did it because it's fair. And we will likely codify the practice in future Petit Prix competition.

Please note that if a dog earns 53 points in background points in a game (BPTStw)... then that dog earned first place against the field.

## Time Warp

| SCHgt | Call Name | Breed             | Registered Owner | SCOREtw | PLACEtw | BPTStw |
