**Disabled Handlers** – A time exemption will be granted to disabled handlers amounting to 4 seconds in Standard course times and in qualifying course times for Games classes. **PLEASE READ! How the Fast Track Move-Up Program Works**

Dogs may be grand-fathered from other organizations on a "Fast Track" basis. A dog with a higher title from another organization may move up on the same day to the next level of TDAA competition with a qualifying score. It is possible to move up from Beginner to Superior on the same day, if the dog qualifies first in Beginner, and then qualifies again in Intermediate. It is also possible to move up from Games I to Games III on the same day, if the dog qualifies first in Games I and then qualifies again in Games II. A qualifying score in the lower class is required to move up to the next higher class. **You must submit a copy of title certificate for each dog.** Submit \$8.00 per trial for each dog's move-up request **PER TRIAL, not per class.** Payment of the \$8.00 is no guarantee that your dog will qualify at the lower level (though he will have multiple chances at each), and is non-refundable. **This Fast Track fee must be paid for this Trial, even if it was paid for a previous trial**

## GAMES CLASSES BRIEFINGS

JUDGE'S BRIEFING ON DAY OF TRIAL, SUPERSEDES ANY PREVIOUS BRIEFINGS

### Colors

The Colors course is made up of two relatively equal sequences. The handler must select one sequence to be completed by the dog. You must tell the judge prior to taking the first obstacle which "color" you intend to complete.

### Copycat

Copycat is a dog's choice game. That means the handler can direct the dog through the performance of obstacles in the order and direction of his own choosing, or the dog's choosing as the case may be. The dog can perform each obstacle only twice for points. If the dog performs the same type of obstacle back-to-back, called "copycatting" (for example, 2-one point, 2-three point or 2-five pointers) he will lose 5 points.

### Lucky 13

The object of Lucky 13 is to collect as many points as possible while correctly performing a total of 13 obstacles – no more, no less – with the thirteenth obstacle being the tire. The course design is up to the handler. Each obstacle is assigned a direction and value indicated by the cone next to it. Some obstacles may have two different point values indicated by the cones. Good natured help by teammates is allowed.

### Dare to Double

Dare to Double is a simple dog's choice game, the dog will earn points for taking obstacles in the order and direction of the handler's choosing. The team has 50 seconds to accumulate as many points as possible. The game begins at the start line and ends at the table. The A Frame has a special value. It is the doubling obstacle. During the run, a handler may double his current points by performing the doubling obstacle. A successful performance doubles all points earned up to that time.
