VOLUNTEER SIGN UP

Please sign up to volunteer to work during classes you are not running in. We will make sure you get adequate time to warm up your dog and do your walk-through. We want everyone to have a pleasant experience running in TDAA while at the same time helping to make the trial run smoothly.

If you are able to help, please fill out this form to indicate the job(s) you are willing to do and return it with your entry or contact the Trial Secretary directly.

Stay Out of Jail

Additional information on the games can be found in:

The Clean Run Book of Agility Games

2nd Edition

by Bud Huston

Jump Height Table

Dog's measurement at the withers	Regular	Veterans	With Jump Height Exemption	Veterans plus Jump Height Exemption
4" and under	2"	2"	2"	2"
4.01" to 8"	4"	2"	2"	2"
8.01" to 12"	8"	4"	4"	2"
12.01" to 16"	12"	8"	8"	4"
16.01" to 20"	16"	12"	12"	8"

Height Divisions

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in a higher height division, but not in a lower than their proper height division. Dogs that run in a height division lower than their division will be eliminated. A judge must measure provisional dogs.

2" jump height - restricted to dogs measuring 4" or less at the withers; or dogs with a jump height exemption measuring 8" or less

4" jump height - restricted to dogs measuring 8" or less at the withers; or dogs with a jump height exemption measuring 12" or less

8" jump height - restricted to dogs measuring 12" or less at the withers; or dogs with a jump height exemption measuring 16" or less.

12" jump height – restricted to dogs measuring 16" or less at the withers; or dogs with a jump height exemption measuring 20" or less.

16" jump height – restricted to dogs measuring 20" or less at the withers.

Special provisions are made for the dogs that are long-backed, or dogs whose depth of chest is greater than his legs length.

E1 - Long backed dogs – The long-backed dog would be based on the measurements of the dog from the front of the chest to the back of his rear compared to the measurement of the dog's height at the withers. As a rule of thumb, if the dog's length is 150% or greater than the height measurement, the dog would qualify for this exemption.

E2 - Weight to length provision (by structure, not obesity) – This exemption should be limited to certain breeds that have a propensity for weight that is greater than their height if you compare pounds to inches.

E3 - Dogs with dwarfish legs/deep chest dogs – This exemption is granted to dogs whose leg to shoulders height ratio is 1/3 or less of the dog's overall height. The exemption for dog's with dwarfish legs is based on the measurement of the dog's withers height, when that height is 150% or greater than the measurement of the space from the floor to chest.

E4 - Veteran dog is a dog at least 7 years of age. There is no special system of titling for veteran dogs.

E5 – Handicap Handler (a handicapped parking tag must be presented at check-in)

A dog also may be given an exemption to jump at a lower height even though he does not meet any of the criteria for a jump height exemption. An exemption will be given to a dog for extraordinary circumstances as determined by TDAA.

Dogs given an exemption to a lower jump height will be able to earn qualifying legs and all TDAA titles.
