## GAMES

### Pole Jacks

*It is intended as a game of strategy, comparable to Snooker. Pole Jacks creates an atmosphere for intensive work on the weave poles. The game requires consistent performance and pits the dog against the poles with a variety of entries and velocity of approach.*

### Quidditch

The objective of *Quidditch* is to perform three sequences and attempt to earn a bonus (the *Beater*) after each. The point values for each of the sequences are 15, 20, and 25 points respectively. Each sequence can be successfully completed only once. The sequences can be taken in any order.

### Rabbit Hole Express

Rabbit Express is a numbered, steeplechase-style speed course that dogs will need to run like the proverbial rabbit. The goal is to negotiate the Rabbit Express sequence as quickly as possible. However, there is a twist, (of course!) that the wise tortoise may take advantage of. Somewhere along the course two Rabbit Holes will be hidden. The reckless rabbit who falls into the hole must navigate a *detour* sequence to dig itself out and get back on the Rabbit Express. That could be just the chance the Tortoise needs to pass right by!

### Just In Time

The objective of this game is to arrive at the table as quickly as possible after the expiration of the point accumulation period.

\*\*\*\*\*

***Petit Prix Qualifying run will be run on Saturday after the last class of the day. It will have a fee of \$12.00. We will be taken day of for this run.***

## HEIGHT DIVISIONS

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in a higher height division, but not in a lower than their proper height division. Dogs that run in a height division lower than their division will be eliminated. A judge must measure provisional dogs.

**4" jump height** - restricted to dogs measuring 8" or less at the withers; or dogs with a jump height exemption measuring 12" or less

**8" jump height** - restricted to dogs measuring 12" or less at the withers; or dogs with a jump height exemption measuring 15" or less.

**12" jump height** – restricted to dogs measuring 15" or less at the withers; or dogs with a jump height exemption measuring 20" or less.

**16" jump height** – restricted to dogs measuring 20" or less at the withers.

Special provisions are made for the dogs that are long-backed, or dogs whose depth of chest is greater than his legs length.

**E1 - Long backed dogs** – The long-backed dog would be based on the measurements of the dog from the front of the chest to the back of his rear compared to the measurement of the dog's height at the withers. As a rule of thumb, if the dog's length is 150% or greater than the height measurement, the dog would qualify for this exemption.

**E2 - Weight to length provision** (by structure, not obesity) – This exemption should be limited to certain breeds that have a propensity for weight that is greater than their height if you compare pounds to inches.

**E3 - Dogs with dwarfish legs/deep chest dogs** – This exemption is granted to dogs whose leg to shoulders height ratio is 1/3 or less of the dog's overall height. The exemption for dog's with dwarfish legs in based on the measurement of the dog's withers height, when that height is 150% or greater than the measurement of the space from the floor to chest veteran dog is a dog at least 7 years of age. There is no special system of titling for veteran dogs.

**Handicapped Handlers:** Disabled handlers will be allowed an additional 4 seconds in Standard and Games classes using numbered courses. A copy of a disabled parking permit must be sent with the entry.
