Height Divisions

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in a higher height division, but not in a division lower than their proper height division. Dogs that run in a height division lower than their proper division will be eliminated. Provisional dogs must be measured by a judge. To figure leg to shoulder ratio: Height from the elbow to the ground ÷ height at the withers = % (ratio). If that percentage is less than 50% and meets the height requirement then the dog can jump at the next lower height.

- 4" for dogs 8" or less at the withers, or dogs with a jump height exemption measuring 12" or less
- 8" for dogs 12" or less at the withers, or dogs with a jump height exemption of 16" or less.
- 12" for dogs 16" or less at the withers, or dogs with a jump height exemption of 20" or less
- 16" for dogs 20" or less at the withers. **Dogs 20" or less can now compete**

JUMP HEIGHT EXEMPT DOGS WILL PLACE WITH DOGS IN THE HEIGHT CLASS IN WHICH THEY MEASURE AT THE WITHERS. If handler chooses to jump the dog at a higher jump height than dog measures into that dog will place with the higher jump height class.

Please include a copy of your dog's permanent TDAA jump height card with your entry, or be prepared to show it at check-in. Dogs without a permanent TDAA jump height card or for which no card is shown must be measured before running in this trial.

Games Classes Offered

Power and Speed is a two-part game. In the first part [Power] the dog will run an un-timed sequence of mostly technical obstacles; and in the second part [Speed] the dog will run a timed jumpers course. Power and Speed is scored Time, Plus Faults. ER5

Lucky 13 is a dog's choice game in which obstacles are laid out on the field valued from 1 point to 20 points. The dog may do only 13, without repeating any; earning the value of the assigned numbers as he works. Lucky 13 is scored Points, Less Faults, Then Time. ER6

Puppy Cannon is a game featuring the pipe tunnel as a test of the handler's skill when redirecting the dog. It is typically played with three (or more) small numbered sequences that can be taken in the order of the handler's choosing. Puppy Cannon is scored Time, Plus Faults. ER5

Tag 10 is a dog's choice game in which the dog and handler are challenged to collect points in 10-point blocks. Faulting any obstacle erases unbanked points! Tag 10 is scored points, then time. ER2

Dare to Double is a dog's-choice game. The objective is to score as many points as possible, repeating a doubling obstacle on course (traditionally the A-frame) as often as time allows. The dog risks losing half his points if the A-frame is faulted! The dog must get to the finish before course time elapses or be penalized. *Dare to Double* is scored Points, Then Time. ER2
