Height Divisions

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in a higher height division, but not in a division lower than their proper height division. Dogs that run in a height division lower than their proper division will be eliminated. Provisional dogs must be measured by a judge. To figure leg to shoulder ratio: Height from the elbow to the ground ÷ height at the withers = % (ratio). If that percentage is less than 50% and meets the height requirement then the dog can jump at the next lower height.

- 4" for dogs 8" or less at the withers, or dogs with a jump height exemption measuring 12" or less
- 8" for dogs 12" or less at the withers, or dogs with a jump height exemption of 16" or less.
- 12" for dogs 16" or less at the withers, or dogs with a jump height exemption of 20" or less
- 16" for dogs 20" or less at the withers. **** New** Dogs 20" or less can now compete**

JUMP HEIGHT EXEMPT DOGS WILL PLACE WITH DOGS IN THE HEIGHT CLASS IN WHICH THEY MEASURE AT THE WITHERS. If handler chooses to jump the dog at a higher jump height than dog measures into that dog will place with the higher jump height class.

Please include a copy of your dog's permanent TDAA jump height card with your entry, or be prepared to show it at check-in. Dogs without a permanent TDAA jump height card or for which no card is shown must be measured before running in this trial.
