**Superior Agility** - Only dogs who have earned the Teacup Intermediate Agile Dog (TIAD) shall be eligible for participation in this class.

### Games Classes

**Games I** - All dogs shall be eligible for participation in this class.

**Games II** - Only dogs who have earned the Games I (TG1) shall be eligible for participation in this class.

**Games III** - Only dogs who have earned the Games II (TG2) shall be eligible for participation in this class.

### Game Descriptions

**Puppy Cannon** The objective of this game is for the dog to do all three of the numbered sequences shown on the course map. The sequences can be taken in any order, and in either direction. The dog starts on the table and must begin with the pipe tunnel (the Puppy Canon) and return to the pipe tunnel after the performance of each of the three sequences. There is no time limit. The game is judged time plus faults. Any faults are added to the dog's score. A dropped bar, wrong course, or missed contact add 5 fault points; leaving out an obstacle (failure to perform) add 10 fault points. After the performance of the final pipe tunnel, the dog must be directed back to the table to stop time.

**Let's Dance** is a simple game featuring several small numbered sequences, each representing a different dance. The object of the game is to do as many dances as time allows.

**Warped Helter Skelter** is a mixture of Time Warp and Helter Skelter. It is then, a game of speed skill and distance, played on a numbered course consisting of obstacles arranged in a spiral that builds speed

**Rock, Paper and Scissors** is comprised of three nested and numbered novice courses. One course is named Rock, the second Paper, and the third Scissors. Each handler will be given course maps of all three courses to review. Each course should be clearly named on the course map. No one is allowed to walk the course at this time. After each handler has reviewed the course map, each handler must play 'Rock, Paper, and Scissors' with the scribe.

If the handler wins the game of Rock, Paper, and Scissors (for example, handler chooses paper and the scribe chooses rock), the handler will run the paper course and have the opportunity to walk the course prior to running it. However, if the handler loses the game (for example, handler chooses paper and the scribe chooses scissors), the handler will run the paper course but will not be able to walk the course. The handler can watch others walk the course from behind the start line but cannot ask any questions of others either prior to, during, or following walking any of the courses. The handler can only observe people's handling strategies.

Handlers also have the option of handling the entire course from within the containment area. If the handler remains in the containment area throughout the dog's performance fifteen points will be deducted from the dog's score.

If a handler has chosen to use the containment area, the handler must stay within the containment area for the entire run. If the handler crosses the containment area line, no faults are assessed, but the dog will not be eligible to earn the higher games score. Time will stop when the dog has crossed the finish line.

**Beat the Clock** The objective is for the team to perform the clock of obstacles before the time expires. Typically, the standard course time is sixty seconds. The dog and handler begin in the center of the clock where the dog must perform an obstacle that begins course time and then perform a quarter of the obstacles on the course (first #1 through #3; then #4 through #6, and so forth). The handler must direct the dog to the obstacle at the center of the clock-face *prior* to beginning each sequence. After completing the final sequence, the dog must be directed to the finish line or to a table, at which time the clock is stopped.

**Ring Around the Rosie** is a game for a team of two dogs. One dog completes the ring of jumps while the other dog waits on the table and then they trade off. This is done twice.

**For more information on these games the *Book of Agility Games* is available for no cost on the new TDAA web site. Judges reserve the right to adapt any game played. Day of show rules supersede all others.**

## Height Divisions

TDAA offers the following Jump Heights: 2", 4", 8", 12", 16". Owners/handlers are responsible for entering their dog at the proper height division, both the dog's measured jump height and the height at which they want their dog to jump at the trial. Per TDAA rules, dogs may be entered at any jump height desired; however, the scoring height continues to be the dog's measured jump height. Dogs jumping at a height other than their measured height will earn qualifying legs and

all TDAA titles. The judge reserves the right to measure dogs entered in any trial. Any dog that has not previously competed at a TDAA trial must be measured before competing.

**ALL DOGS WITHOUT A PERMANENT HEIGHT CARD** must be measured prior to the first day of competing at this trial. arrive early enough to accommodate measuring. **TWO MEASUREMENTS BY TDAA JUDGES** are needed to obtain a permanent height card and heights must be agreed on by judges.

**Permanent Height cards** are required if competing at a club for the first time.

### **For Exhibition Only (FEO)**

TDAA allows FEO runs open to any TDAA registered dog in any class; offered at the option of the host club. FEO dogs may run on lead. FEO runs do not count toward TDAA titles. FEO will have a maximum of 1.5 times of the SCT. FEO cannot repeat any obstacles. No training in the ring.

**Disabled Handlers:** A time exemption will be granted to disabled handlers of 4 seconds in Standard course times and in qualifying course times for Games classes. Proof of disability shall be a copy of the handler's disability parking tag or other official documentation, which must be included with the entry or presented at check-in at the trial.

**Use of Food and/or Toys in the Ring:** The handler shall be allowed to carry and use food treats in the ring as a reward for the dog so long as the food treat is not offered in a way that assists the dog in course direction or in the performance of an obstacle. Prior to using a food treat during a run, the handler must notify the judge that treats may be used during the run and have the judge approve the treats to be used. Food must not be in the handler's hand nor dropped on the floor.

A handler shall be allowed to carry a toy in the ring as long as it is not visible or audible to the dog. The toy can be shown to the dog without fault if it is not offered in a way that assists the dog in course direction or in the performance of an obstacle. Prior to using a toy, the handler must notify the judge that a toy may be used during the run.
