Games that will be played in the Series:

Slither is a point accumulation game that resembles a minuet. The dog earns points for the performance of a simple sequence repeated until the expiration of time. The value of the sequence on each performance is based on advanced challenges specified by the judge (like working from a distance). Slither is scored Points, Then Time.

Three-Tunnel Barrel Racing is a game that approximates rodeo-style barrel racing using agility pipe tunnels. Three-Tunnel Barrel racing is scored Time Only.

Gamblers is a two-part game: dog's choice point accumulation followed by a distance challenge. The objective of Gamblers is for the dog-and-handler team to accumulate as many points as possible in the allotted time and to successfully complete the distance challenge. Gamblers is scored Points, Then Time.

2019 Updates Rules

1) **JUMP HEIGHTS:** handlers may choose any jump height for their dog.... they will be scored with dogs in their official (measured) jump height division regardless of body-type exemption or veteran's exemption.

2) **HANDICAPPED DOGS:** 3-legged dogs are now permitted to earn Qs and titles at TDAA-sanctioned trials.

3) **USE OF FOOD TREATS:** The handler shall be allowed to carry and use food treats in the ring as reward for the dog so long as the food treat is not offered in a way that assists the dog in course direction or in the performance of an obstacle. The dog is faulted when the handler uses a food treat in a manner that assists the dog in course direction or in the performance of an obstacle (failure to perform). A food treat must be kept secure by the handler. The dog shall also earn a fault if the handler carries food in the hand while the dog is working or at any time drops a food treat on the floor or equipment.

4) **USE OF TOYS:** A handler shall be allowed to carry a toy in the ring as long as it is not visible or audible to the dog. The toy can be shown to the dog without fault if it is not offered in a way that assists the dog in course direction or in the performance of an obstacle. Prior to using a toy, the handler must notify the judge that a toy may be used during the run. The dog shall receive 20 faults when the handler uses a toy in a manner that assists the dog in course direction or in the performance of an obstacle, or if the toy is made visible or audible to the dog while working.

Exhibitors must verify their entry information from the club's confirmation and report any entry discrepancies to the show secretary prior to the show. The show secretary is not responsible exhibitor's error in the information provided. No changes to results (except a club's scoring error) will be made once the trial has been completed when the handler did not report an entry or move up error.

Warm-Ups: A warm up area, consisting of at least a regulation agility jump, shall be provided for all exhibitors. Obstacle familiarization on TDAA equipment will be offered before the first class on Saturday and Sunday. This will allow dogs not familiar with the smaller equipment to experience it before the first run of the day.

Height Divisions: TDAA offers the following Measured Jump Height Divisions: 4", 8", 12", 16"; and the following jump heights: 2", 4", 8", 12", 16".

Owners/handlers are responsible for entering their dog at the proper height division, both the dog's Measured Jump Height and the height at which they want their dog to jump at the trial. **Per TDAA rules, dogs may be entered at any jump height desired; however, the scoring height continues to be the dog's measured jump height.** Dogs jumping at a height other than their measured height will earn qualifying legs and all TDAA titles. The judge reserves the right to measure dogs entered in any trial. Any dog that has not previously competed at a TDAA trial must be measured before competing.

Standard Class: The following classes are available for Standard runs.

- 🐾 **Beginner Agility:** All dogs shall be eligible for participation in this class. There shall be no grandfathering of titles from other organizations.
