

## TRIAL GAMES DESCRIPTION:

### Connect the Dogs

Connect the Dots is a dog's choice point accumulation game. The objective is to handle the dog from dot to dot (the contact obstacles) scoring points on all other obstacles in between. Points for the "in between" obstacles are always at risk, as they'll be lost in case of any fault since the last "dot". Connect the Dots is scored Points, then time.

### Full House

Fullhouse is a game of timing in which the dog is obligated to collect the elements of the full house, earn as many other points as possible and end time without losing points on a time penalty. Full House is scored points, less penalty, then time.

### Jumplers

Jumplers is a combined class of Jumpers and Gambles. The dog will run a numbered course consisting of jumps and tunnels that will feature elements on which the dog will earn bonuses for working at a distance from the handler. Jumplers is scored time plus faults, less bonus.

## HEIGHT DIVISIONS

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in a higher height division, but not in a lower than their proper height division. Dogs that run in a height division lower than their division will be eliminated. A judge must measure provisional dogs.

**4" jump height** - restricted to dogs measuring 8" or less at the withers; or dogs with a jump height exemption measuring 12" or less

**8" jump height** - restricted to dogs measuring 12" or less at the withers; or dogs with a jump height exemption measuring 15" or less.

**12" jump height** – restricted to dogs measuring 15" or less at the withers; or dogs with a jump height exemption measuring 17" or less.

**16" jump height** – restricted to dogs measuring 17" or less at the withers.

Special provisions are made for the dogs that are long-backed, or dogs whose depth of chest is greater than his legs length.

**E1 - Long backed dogs** – The long-backed dog would be based on the measurements of the dog from the front of the chest to the back of his rear compared to the measurement of the dog's height at the withers. As a rule of thumb, if the dog's length is 150% or greater than the height measurement, the dog would qualify for this exemption.

**E2 - Weight to length provision** (by structure, not obesity) – This exemption should be limited to certain breeds that have a propensity for weight that is greater than their height if you compare pounds to inches.

**E3 - Dogs with dwarfish legs/deep chest dogs** – This exemption is granted to dogs whose leg to shoulders height ratio is 1/3 or less of the dog's overall height. The exemption for dog's with dwarfish legs is based on the measurement of the dog's withers height, when that height is 150% or greater than the measurement of the space from the floor to chest veteran dog is a dog at least 7 years of age. There is no special system of titling for veteran dogs. A dog also may be given a waiver to jump at a lower height even though he does not meet any of the criteria for a jump height exemption. A waiver will be given to a dog for extraordinary circumstance. Dogs given a waiver to a lower jump height will be able to earn qualifying legs and all TDAA titles.

**If new to 207Teacup, a copy of your TDAA height card must accompany your trial application or be presented at check-in. If you do not have a TDAA height card your dog must be measured.**

## Effective January 1, 2014

**Eligibility** – This trial is open to all dogs under 17" and over the age of 12 months, except bitches in season, aggressive dogs or dogs suffering from any deformity, injury or illness which may affect a dog's physical or mental performance.

**Your dog must be registered with TDAA to participate in TDAA Trials.**
